

Suicide, Homicide and Domestic Violence: Risk Factors and Lethality

“Man kills wife, children and self” - an awful headline and a tragedy that can and must be prevented. Join members of your community in this four-hour session to learn what to do before these events occur.

Are you a family violence task force member, law enforcement officer, attorney, DFCS/CPS worker, probation officer, counselor, victim advocate or concerned citizen? The early training registration fee will be \$30 and late registration will be \$35.
